

Baltimore Area Ultra Runner List

The purpose of the Baltimore Area Ultra Runner (BAUR) List is to identify those individuals in the Baltimore Running Community that have completed running events greater than the traditional marathon distance (26.2 miles) and highlight their accomplishments. The BAUR List started in January 2010 and it is similar to a document compiled by the RASAC Running Club in Harford County, Maryland that focuses on members of their club. It is hoped that this list will identify those pioneers of distance running in the Baltimore Region and encourage others to participate in our sport.

In 2014 the BAUR list expanded its geographic area to include runners in Central Maryland that asked to be included on this list.

Criteria for inclusion into the Baltimore Area Ultra Runner List:

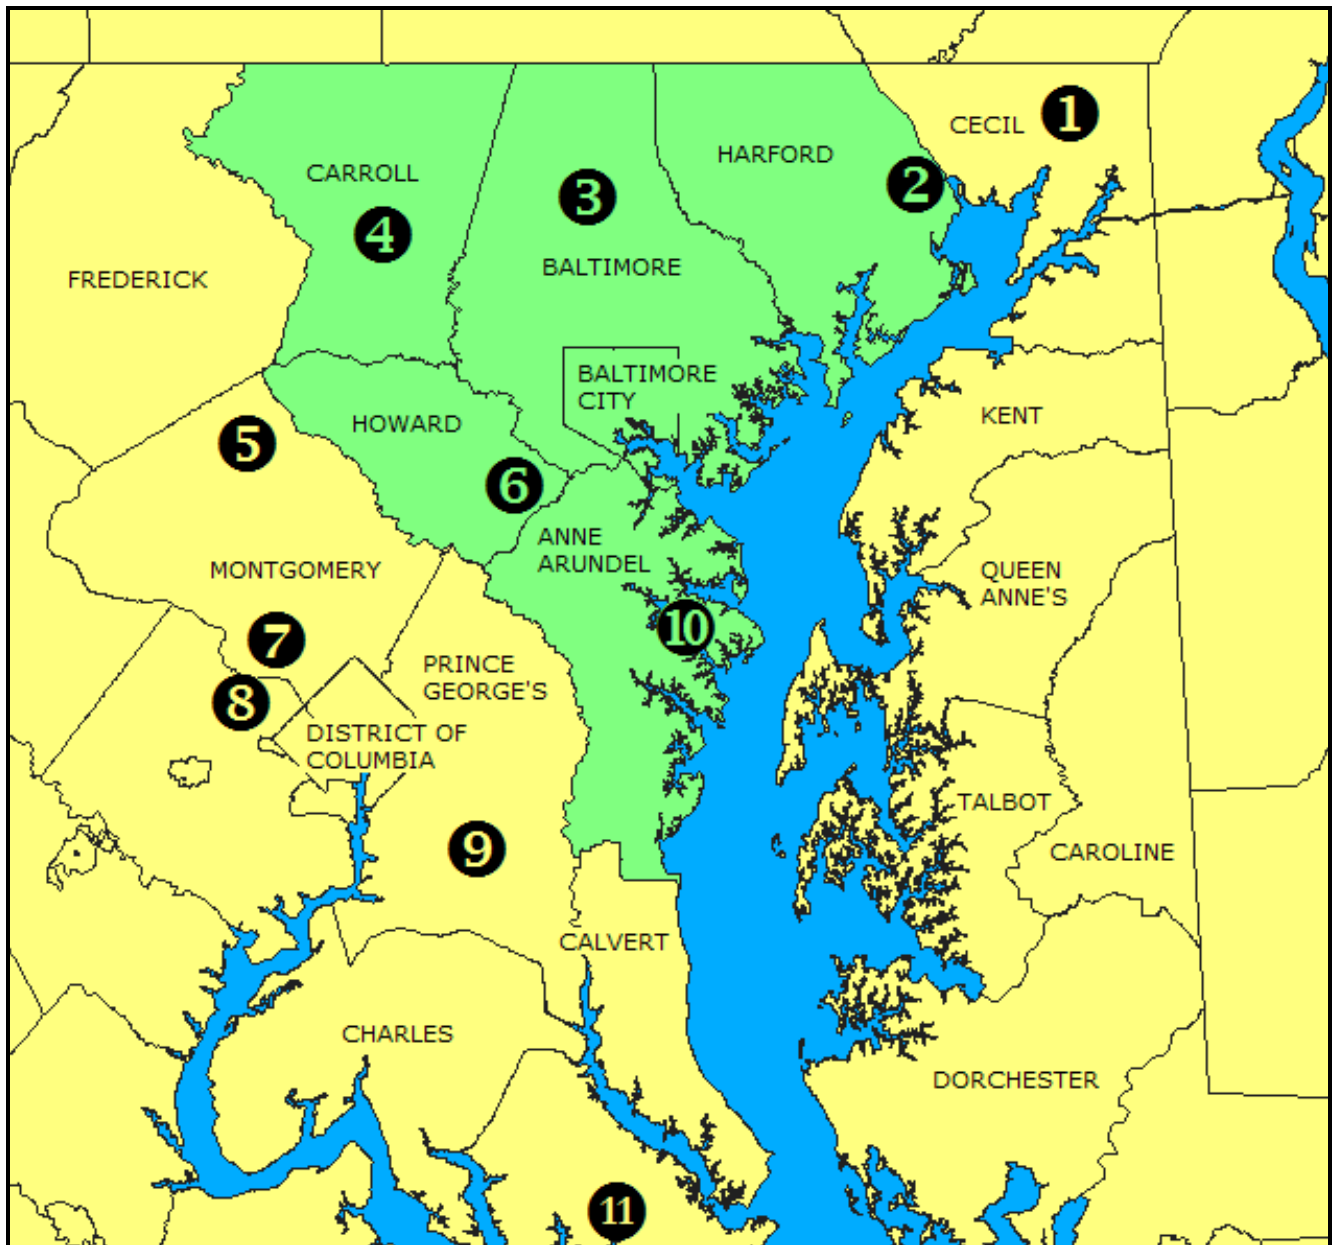

1. You must have finished at least 1 ultra race. This is any organized distance event greater than 26.2 miles in length.
2. Training runs do not count.
3. A- You must finish the race. You cannot dropout of a race and still have it count toward the list.
B- However, if a race provides official credit for a partial distance covered in their official results as a separate event, this will be considered an official ultra finish. (i.e. Runners in the Umstead 100 Miler, completing at least 50 miles, are included in the Umstead 50 Mile Results)
4. Ranking is by total mileage completed.
5. Time and place in the running events are not considered.
6. Eligibility is not limited to Baltimore Road Runners Club members and BRRC membership is not required.
7. For purposes of this list, Baltimore refers to the Baltimore-Washington Region. This includes Baltimore City and the counties in Central Maryland.
8. Current residency is not required. (Someone who lived in the region at one time and has relocated to another part of the country is welcome to maintain their accomplishments on this list.)

If you wish to be included in the Baltimore Area Ultra Runner List or have questions, contact Tom Nasuta @ tnasuta@gmail.com . Please provide the Name, Date and Distance of the events that you have completed.

Note: In ultra running events throughout the country every effort is made by race directors to provide an accurate course. However, at times the courses may be a little short or a little long. To be consistent, runners in this ultra list will receive credit for the distance published by the race director in the official results for the event. (i.e. if a race identifies itself as a 50 Miler, runners will be given credit for 50 miles.)
