From the Presidents Desk -

Dr. Sheehan's lecture at the First Baltimore Road Runners Clinic was a resounding success. The Lecture Hall at Essex Community College was almost filled. Everyone had a good time including Dr. Sheehan.

At our club meeting on Oct. 3rd a motion was passed to start a 50-50 drawing to raise money to help with the clubs expenses. In the debate it was brought out that most of our races lose money, anywhere from a couple of dollars to over \$50.00 as in the 18 mile Club Championship. We had 65 runners for the Championship, but the 10 plaques with engraving cost \$93.00.

The members discussed two ways of cutting our loses. (1)- Getting sponsors for some of our races. (2)- A50-50 drawing.

We decided to try both. 50-50 tickets will be printed and distributed. Hopefully all our members will help in selling some tickets. For this raffel we will sell over 500 tickets to be able to give the winner \$250.00 and the club \$250.00 and pay for the printing cost.

Anyone who thinks they can find a sponsor for one of our races please contact me and well see what we can work out. A sponsor can only help our races get better. We are working on a Bi-centennial Race on the 4th of July from The Constellation to Fort McHenry and back. National Beer has shown interest and we will get something concrete soon. Lets all pitch in and help. This is your club and you can make it move in the right direction.

At our club meeting on Dec. 19th we will vote for club officers for 1976. Please be in attendance and vote. Nomination Committee will put the following names in.

PRESIDENT: Les Kinion - Positively the last time  
VICE PRESIDENT: John Roemer  
SECRETARY: Marge Rosasco  
TREASURY: Mel Walton

Nominations can also be made from the floor. See you then.

Les

Dear Sir:

I would like to formally express my appreciation to you and your business establishment for your unselfish and much appreciated support in the recent 25 kilometer race in Baltimore. The sweat suit was an extremely nice prize and I can assure you it will be used a great deal.

It is good to see business organizations supporting a mass participation sport such as distance running. As an exercise physiologist, I can see the need for increasing interest and participation in physical activity. Your company is helping distance running make a stand for fitness and competition in the Baltimore area and are commended for such.

Yours in Running,

Jack Mahurin

The Baltimore Road Runners would also like to thank Lance for everything he has done for us in the past. THANKS AGAIN!!
